

# God loves me no matter what.

Today we heard the story about Moses and how frustrated he was with the Israelites. No matter what God gave them, they still complained so Moses went to God and told Him how frustrated he was. God loved Moses and sent him people to help. We learned that it is okay to feel frustrated and that we can ALWAYS talk to God because God loves us no matter what. Attach this frame on your child's mirror at their height so when they have big feelings, they can look into the frame and remember that it's okay to have those feelings because God loves them no matter what.
